

DOCUMENT OF COMPLIANCE according the EU-guidelines of chemical requirements for bags, backpacks or similar products

Dear Sir or Madam,

we hereby attest:

1. Our products comply to the applicable regulations of the EU. Based on them we consider the derived requirements of the chemical ingredients for our products and production process to confirm the accordance to law.
2. Our products referenced contains no substances or materials subject to the Proscriptions specified in the Hazardous Substance Ordinance (Gefahrstoffverordnung GefStoffV), the Chemicals Prohibition Ordinance (Chemikalienverbotsverordnung ChemVerbotsV) or in the European directive 76/769/EWG.

The used materials comply with the LFGB (Lebensmittel-, Bedarfsgegenstände- und Futtermittel-gesetzbuch / Foods, Consumer Goods and Feedstuffs Code) and the BedGgstV (Bedarfsgegen-ständeverordnung / Consumer Goods Ordinance) which also comply to the EU directives

3. Our products created for food contact comply to legal ordinance (EG) 1935/2004 (e.g. cooler bags, shopping baskets/ -bags).
4. All laws, directives, and administrative regulations as well as all rules and standards in the field of environment and hazardous materials have been complied with throughout the manufacture, handling, and distribution of the article referenced above.

Furthermore

5. We also confirm the item is REACH compliant. If the item may contain diluents which is not prohibited by law and may be used, we fulfill our duty to furnish information according to the REACH regulation (limit of SVHC > 0,1 mg/kg). Due to currently updates of the SVHC list we follow the legal ordinance concerning the listed substances as issued at time of production.
6. With cancellation or before the change of every kind which concern this confirmation the principal, as can be proved is to be informed. For topical or running orders changes are as also the cancellation inadmissibly.
